Thanks, [REDACTED]

One more thing—would you be able to provide us with instructions on how to manually buy/sell XRP on Bitstamp in advance of the launch? We would like to post the instructions on Ripple's XRP Portal on the day of the launch as well.

Best,

Hi [REDACTED]

We will publish update of API when we launch. However all functionality for XRP will stay the same as it's now. Only the URL will change from "BTC/USD" to "XRP/USD"

Hi [REDACTED] quick question. When will the Bitstamp API and documentation be updated to reflect the XRP pairs?

We have been linking our market makers to the API for trading integration prior to the launch.
